# MAIRIE DE CHERONNAC

## MINUTES OF THE COUNCIL MEETING Held 2<sup>nd</sup> March 2021 at 8.30 pm

The work for the underground burial of the electricity supply to the village of la Buzatière will begin mid April. This work is subsidised by SEHV and will cost nothing to the commune. The Municipal Council chose the lamposts which will be installed in the village.

The Municipal Council took the unanimous decision not to increase the communal tax rate for 2021.

The renovation work to convert the old post office into a nurse's base will be starting shortly. The Municipal Council has chosen the company Techniflux to undertake the electricity and plumbing work .

The Municipal Council proposes to purchase various items for the Commune's technical staff. These purchases (a tool storage unit, scaffolding,...) will be allowed for in the budget.

The enlargement of the cemetery is due to begin on 8th March 2021.

The Municipal Council has chosen the company Garraud of Chassenon to undertake the work on the electrical and plumbing improvements in the communal workshop . The cost of the work amounts to 14 516 € TTC. Estimates from different businesses will be sought for the plastering, tiling and painting works .

The work on the renovation of the church roof is planned for the 2<sup>nd</sup> half of 2021. The Maire presented the council with an estimate from Mr Fougerson for the contract of maître d'œuvre. This proposal was accepted unanimously by the Municipal Council.

Various communal tracks were damaged by the poor weather at the beginning of February. The council will begin the repair of damaged areas.
